

# Dispatch Times

## Call of the Month

On June 9, 2016 at around 8 p.m., Ava Campbell was working as a calltaker when she took a call for an active domestic dispute on Jonathan Lane in Deerfield Township. Ava released the call to be dispatched while she remained on the phone, obtaining further information and working through the protocols. Erin Caito was dispatching on Police Primary 2 and immediately advised 8P37 (Katie Barnes) and 8P80 (Sgt. Langdon). After speaking with all of the parties involved, 8P37 (879) cleared the call.

Later there was a second call from the same address. Just as Ava answered, the phone was dropped and all Ava could hear was screaming. When someone finally came on the line they told Ava that the brother, Mohammad, had threatened to kill them.

He had gone outside to his car. Suddenly the caller told Ava that he could see Mohammad walking back carrying a gun. Ava quickly advised him to lock the door. As they were attempting to do this, the subject shot his father in the hand.

8P37 arrived back out at the scene and at 9:48 p.m., called out that she had been shot. She was trying to move away from the area but at the same time let responding units know that she did not know the location of the armed assailant. All primary traffic was restricted and multiple units and agencies advised that they were responding to help in the search for the shooter.

Those on duty that night included Supervisor Ron Kronenberger, Emily Smitley, Tramel Waddell, Jesse Madden, Cassidy Gatio, Kelly Fiebig and Brad Edrington all working behind the scenes during this incident, dispatching additional incidents, calling for resources with all of the other day-to-day functions that still go on. The entire crew displayed professionalism pulling together as a team! Great job all!

# Employee Spotlight

## Employee of the Month

Tramel Waddell  
Employed since 2004

## Birthdays

Makenzie Cotton  
July 5th

Chris Dill  
July 23rd

Dawn Levandusky  
July 25th

## Milestones

Melissa Bour — 17th  
16 years

Andrew Farlaine — 11th  
9 years

## Meet our New Employees

### Dylan Quenneville

Dylan started at Warren County on June 6th and is originally from Sinking Springs, Ohio in Highland County. He graduated from Peebles High School. He spent 7 years in the US Army and then worked at Fort Rucker in their Public Safety Department where he gained his dispatch experience.

Dylan is married and has two children. In his spare time he enjoys hunting, fishing and spending time with his family.

### Jonathan Bright

Jonathan started his new position as a supervisor on June 13th. He is from Cincinnati, Ohio and graduated from Northwest High School. He attended the University of Cincinnati majoring in Applied Sciences in Construction Management.

Jonathan worked at Montgomery County Sheriff's Office in their dispatch center and later at the City of Fairborn.

Married with 4 children ranging in age from 7 years to 1 year, Jonathan enjoys movies, family activities and riding motorcycles in his spare time.

# Did You Know?

## IPAWS

By Mike Bunner

The Integrated Public Alert and Warning System (IPAWS) is a modernization and integration of the nation's alert and warning infrastructure and will save time when time matters most, protecting life and property. Recently Warren County used this system to alert those in the area during the shooting of a Warren County Sheriff's Deputy to shelter indoors.

The System that we use is from Alert FM. Alert FM is a FEMA certified and secure, cloud-based portal which enables federal, state, and local emergency officials to create a Common Alerting Protocol (CAP) formatted alert and distribute them to multiple contact paths simultaneously.

There are several preformatted "Event Types" that can be selected to send out such alerts and messages such as: National Weather Service ("NWS") weather warnings, evacuation instructions, homeland security notices, Amber Alerts, or school closings. This information can be delivered via the data subcarrier of existing FM radio stations, SMS (text) and email, Apple iOS and Google Android Smartphone applications, Twitter, and/or Facebook. This is done by drawing specific areas on the map which are to receive the warning or by selecting the entire county.

## This Month's Employee's with Exemplary Compliance Ratings

The following employees achieved a rating with Exemplary Compliance which is 95% to 100% accuracy while using our new protocols. Congratulations on a great job!!

- Tiffany Ankeney
- Cassidy Gatio
- Doug Short
- Tramel Waddell
- Mike Wiggins

# In The Spotlight

## Summer Camp in Warren County By Brian Holtel

With summer in full swing, many of us realize that the schools sit empty while Kings Island and The Beach are packed with young people and families on a daily basis. But where are the other locations in the county that are highly populated this time of year? The answer is often camps and other places of recreation.

The Many camps in Warren County include Camp Butterworth, Camp Joy, Camp Kern, Camp Lebanon Retreat, Camp Swoneky, Camp Whippoorwill, and Church of God Riverside Campground. These camps are affiliated with Girl Scouts, the YMCA, churches, and the Salvation Army. A single week of camp at one of these locations could host about 100 staff members and 300 participants. These camps have trained staff and their own emergency procedures, ensured by their own organization's standards and typically an accreditation organization, like the American Camp Association. However, when emergencies happen, we must be ready to respond.

Did you know that Camp Joy hosts summer camps for campers with special medical needs (cancer, heart conditions, diabetes, etc.) which are also staffed by hospital medical staff? Camp Kern, Camp Butterworth and the Church of God Riverside Campground border the Little Miami River and Camp Swoneky borders I71. Camp Chautauqua and Camp Graham sit right on our county borders.

Think about all of the activities that make camp fun, but could also cause challenges in emergency situations. Such as lakes and pools; hills and hiking trails through a vast area that is often difficult to reach; ziplines, observation towers, ropes courses, and rock climbing, both indoors and out. Other emergencies could be the result of campfires, horseback riding or shooting ranges.

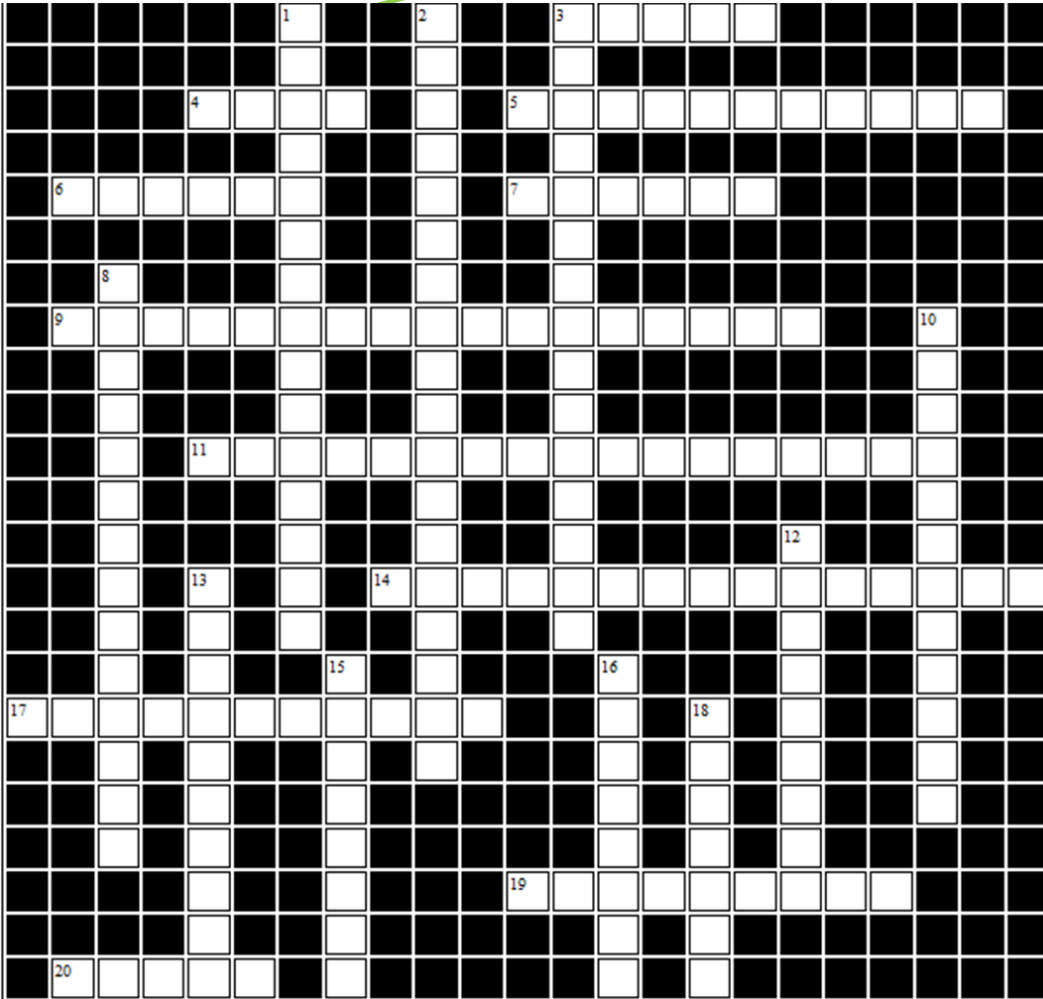

*So, be prepared.* Be familiar with the layout of these locations and look into their emergency procedures. Know which camps have multiple entrances and where the nurse's office or infirmary is. Find out which camps have provided emergency contact numbers or gate codes.

Let's make this summer a fun and safe one!

# Little-Known 4th of July Trivia

By: Nancy Machulskiy

Across		Down	
3.	How many Presidents have died on the 4th of July?	1.	The 200 printed versions of the Declaration were called this...
4.	How many women signed the Declaration of Independence?	2.	In 1931, this song was declared the national anthem...
5.	Only 2 men actually signed the Declaration on July 4th, Charles Thompson and this man.	3.	He was the first President to celebrate the 4th of July in the White House.
6.	Several other countries have used the Declaration for their own struggle for freedom including France, Poland, Greece and this country	8.	This President was born on the 4th of July, nearly 100 years after the first.
7.	Thomas Jefferson drafted the Declaration on one of these, a kind of portable desk.	10.	This song was originally sung by British military officers to make fun of the colonists who fought with them in the French and Indian Wars.
9.	1 out of 8 of the signers of the Declaration was educated here.	12.	This was the only Founding Father who did not think we should celebrate Independence Day on the Fourth.
11.	The first Independence Day celebration west of the Mississippi occurred where?	13.	The message that is written on the back of the Declaration of Independence is not only written backwards, it is also this...
14.	The 4th of July was declared this in 1870.	15.	How many men signed the Declaration of Independence?
17.	Which country gained their independence from the United States on July 4, 1946?	16.	These 2 words were added to "The Pledge of Allegiance" in 1954
19.	How many changes were made to Jefferson's original draft of the Declaration?	18.	This 4th of July NASA will celebrate when they have a spacecraft that reaches what?
20.	87.5% of American flags and 97% of the fireworks used to celebrate the Fourth come from what country?		

## Where Am I?

If you know the location where this picture was taken, email us at [melissa.bour@wcoh.net](mailto:melissa.bour@wcoh.net) no later than July 25th. Everyone that has the correct answer will be entered into a drawing for a prize. Include your name, phone number, department you work for and your guess of the location and any other details. Don't forget to check back next month to see if you are the one that won!!!

Congrats to Tiffany Ankeney with Emergency Services for guessing that last month's picture was taken at the Pioneer Village at Caesar's Creek. Stop by dispatch to pick up your prize!
